

# BISHOP STÉNIO CAPRÉ'S HARVEST OF HAITI

October 2018

## Earthquake – Special Update

*With Bishop Stenio Capre*

On October 6, an earthquake struck the northwestern part of Haiti near *Port-de-Paix*. Fifteen were confirmed dead and 300 injured. There are not any people dead in our ministry, but some members of the ministry have had their houses damaged. One church in our ministry was destroyed. Those people need our prayers and your help for their relief.

An estimate to repair the home for a blind man and his wife is about \$2,500. An estimate to repair the damaged church is approximately \$7,000. Support for these needs is greatly appreciated. Checks may be sent to Harvest of Haiti or donations may be given securely through the website, [harvestofhaiti.org](http://harvestofhaiti.org).
